II. PROCEDURES

SENTINEL EVENT REPORTING

CMHSP staff will immediately notify the LRE of a **possible** Sentinel Event. (*Immediately is defined as "within 24 hours of the occurrence or of knowledge of the occurrence"*).

- A. Notification will be completed by filling out the first page of the Unexpected Death/Sentinel Event Form and submitting the document via secure email to CIRE@lsre.org.
- B. All unexpected deaths of Medicaid beneficiaries, who at the time of their deaths were receiving Medicaid funded specialty supports and services, are considered possible Sentinel Events and must be reported.

- C. Members have three (3) business days after a critical incident has occurred, or three (3) business days after becoming aware of the incident, to determine if it is a Sentinel Event
 - a. If a critical incident is classified as a Sentinel Event, the Member has two (2) subsequent business days to commence a Root Cause Analysis of the event.

- E. Based on the outcome of the analysis or investigation, the Member CMHSP must ensure that a plan of action is developed and implemented to prevent further occurrence of the Sentinel Event. The plan must identify who is responsible for implementing the plan and how implementation will be monitored. Alternatively, the Member CMHSP may prepare a rationale for not pursuing a preventive plan.
